Practice and Training Test Resources

The English Language Proficiency Assessments for California (ELPAC) is comprised of the Initial, Summative, and Alternate ELPAC. The Initial and Summative ELPAC are delivered via a computer-based test delivery platform. The Alternate ELPAC operational field test will be available from January 12 through February 16, 2021. The practice and training tests allow students, parents/guardians, families, teachers, administrators, and others an opportunity to become familiar with the computer-based test delivery platform as well as the types of test questions that may appear on the actual test at each grade or grade span.

The practice test includes examples of all the types of test questions that may appear in the actual test at each grade or grade span and mirrors a full-length operational test. The training test is shorter compared to the practice test and includes some sample test questions for each domain.

Practice and Training Tests

- Test examiners should [access the online Practice and Training Site](#)  for test examiners. Quick Reference Guides on how to start Training and Practice Tests are available on the [Manuals, Instructions, and Quick Reference Guides](#) web page.
- Students should [access the Practice and Training Tests](#)  for the online tests.

Agenda - Sept 24, 2020
